I am a recent graduate and a driven Software Developer with two years plus experience in software development. Proficient in JavaScript, Node.js, Vue 3, Nuxt 3, and Hasura GraphQL, I excel in problem-solving and thrive in a team environment. Seeking a challenging role where I can showcase my technical expertise and contribute to building the future together with a dynamic and innovative team. Let's create impactful solutions and achieve success together.

Work experience

Backend Developer

Since July 2023 Minab IT Solution PLC Addiss Abebeba
Golang, PostgreSQL, AWS (EC2, S3, Fargate, Vue 3, Nuxt 3)

Faculty Representative and Fullstack Development Training Assistant

From November 2022 to July 2023 Bit Career Development Center Bahirdar

- Worked closely with a team to organize events
- Served as a full-stack development assistant, assisting students with their technical needs during that period.

Web Developer

From June 2023 to July 2023 Roblas Supply Chain LTD Addiss Abeba
Developed a business website from scratch for import export company.

Fullstack Developer and Team Lead

From February 2023 to July 2023 Rensys Engineering PLC Bahir Dar

- Designed and implemented a user-friendly web-based interface using Vue.js, enhancing the overall user experience and ensuring easy navigation for admin from scratch.
- Utilized Hasura, Node.js and Express to build a robust backend, ensuring seamless communication between the frontend and the database for quick and accurate data retrieval.
- Integrated PostgreSQL to store and manage data, creating a scalable and secure database solution.

Student Intern

From May 2022 to August 2022 Minab It Solution PLC Bahir Dar

As a trainee, gained practical knowledge in full-stack development using, Hasura GraphQL, Vue.js, Tailwind CSS, Node.js Express, Docker Products, Nginx Web server and PostgreSQL from professional developers. This experience has equipped me to create innovative solutions and excel in the dynamic world of software development.

Student Intern

From August 2022 to October 2023 Debrebirhan University Debrebrhan

Developed a clinic management system with the latest technologies like Hasura, Vue.js, Node.js Express, Tailwind CSS. And accepted a certificate of recognition for outstanding performance during the internship program.

Education

Bachlores Degree in Information Technology

From September 2020 to July 2023 Bahir dar University Bahir Dar, Ethiopia

Certified Software Engineer

From February 2022 to March 2023 ALX Software Engineering Program Virtual
Graduated from AIX 12 month Software engineering program
