EXPERIENCE

Product Operations Specialist at Consumer Affairs

Tulsa, OK | OCT 2021 - JUL 2022

- Managed stakeholder relationships and coordinated cross-functional team efforts.
- Communicated progress, requirements, and A/B test implications to internal stakeholders, acting as a liaison between engineering and business.
- Led daily SCRUM ceremonies for a remote team of 9, prioritized backlogs, and managed sprint planning to ensure successful delivery.
- Operational support to all 6 product teams.
- Migrated 200 user journeys to a new UX.
- Facilitated the rollout of a lead-tracking API.

Founder of Makers Club

Tulsa, OK | JAN 2021 - JUN 2021

- Mobilized 15+ students and alumni for cooperative, test-driven web development sprints.
- Managed GitHub source control and admin responsibilities for 11 week-long projects.
- Mentored several first-year students through pair programming and weekly presentations.
- Consulted 12+ participants on architectural context, BDD/TDD, ubiquitous language, and other high level web development domains.

Student Tutor at Holberton School Tulsa

Tulsa, OK | JAN 2020 - JUN 2021

- Pioneered Tutor role for Holberton Tulsa campus & specialization curriculum.
- Consulted staff on key practices of SF campus.
- Engineered a cooperative culture for 100+ students.
- Performed live coding for 30+ students.
- **Produced video content** to supplement international curriculum.
